A fun day out on a run through the hills stopping for an early lunch in Round Top, followed by a short drive to a local winery. We go rain, hail or shine, but of course it never rains on an SJCC road trip! Eat a light breakfast, as the food is so good you will eat every last bit no matter what you order.

The winery charges \$10 for 6 tastings, which can be shared between two people, i.e. 3 tastings each or you can just skip the tastings and go for a glass like me!

Let me know if you have any questions.
